ASADULLO RAKHIMOV

WEB DEVELOPER

PERSONAL SUMMARY

I am an ambitious problem solver with a passion for online businesses, and would like to join a team of professional developers. I am thorough and precise in everything I do, and have a keen interest in technology, web applications and user experience. As someone who takes responsibility for his own personal development, I am continually evaluating and upgrading my skills so that I stay at the cutting edge of web development.

EXPERIENCE

Simon

Warsaw

- Site creates a series of tones and lights and requires a user to repeat the sequence. If the user succeeds, the series becomes progressively longer and more complex. Once the user fails or the time limit runs out, the game is over.

- Used Bootstrap Library for design

link: full detail is available on my personal site

Blog

Warsaw

- It is my personal blog build with node.js and deployed to heroku server. For database, I have used mongoDB and its Atlas Cloud.
